

*Anyone with
lungs can get
lung cancer.*

Text LUNG to 44834 to donate.

**LEARN
MORE**

TOGETHER, we are raising lung cancer awareness.

Here's how you can help:

Celebrate LCAM in your community.

Show your support for the Lung Cancer Community by **walking in your community!** Take photos and share to your social media channels to show that you are showing up for lung cancer patients, survivors, and their families. Another fun idea is to **“chalk your walks” with lung cancer facts and resources.** Make sure everyone in your community knows that “Anyone with lungs can get lung cancer.”

Share a photo to raise awareness.

Use this poster as a photo prop! Take a photo of yourself holding the poster or with family, friends, or colleagues. Post your photos to your favorite social media channels using **#AnyoneWithLungs**, **#LCAM**, and **tag @LUNGEvity** to raise awareness for lung cancer.

Hang this poster.

When you are finished using this poster as a photo prop, hang it somewhere in your community. It can be in your favorite coffee shop, your community center, or even your front window! Post a photo of where your poster is hanging on social media and ask your friends and family to guess the location or find it and post a photo with it on their accounts.

Dress the part.

The Lung Cancer Awareness Store is open! You can find lung cancer awareness shirts, sweatshirts, hats and more to wear for your photos and events. **Shop now by visiting** lungevity.org/AwarenessStore
